## Finishing

RODA<sup>®</sup> Visc 5112 - Thickener

Edition 2017

<b>Product Properties</b>	<b>RODA<sup>®</sup> Visc 5112</b> is a concentrated polyurethane-based thickener suitable for aqueous basecoat and topcoats, for all types of finishes. Its effectiveness increases with the quantity of polyurethane contained in the mixture.
<b>Application</b>	<b>RODA<sup>®</sup> Visc 5112</b> can be used as it is, without having to be diluted in water. Being a concentrated product, it should be added in small quantities while continuously stirring, till the required viscosity is reached.
<b>Chemical nature</b>	polyurethane thickener
<b>Appearance</b>	Opalescent liquid
<b>Solids</b>	24,0 – 26,0 %
<b>Charge</b>	Non-ionic
<b>Storage</b>	The product can be stored in its original packaging between 5°C and 35°C for 18 months
<b>Safety</b>	Please refer to our safety data sheet.

Regarding toxicological and ecological data see the safety data sheet of above product.
